DEC '17-SEP'18	Revamped the Groupon goods marketplace platform, which provided the 3rd party merchant at par experience as of 1st party merchants. As part of the same lead, the migration of 15M deals to the new platform, which led to the realization of massive supply growth.
OCT '18-JUL'19	Lead(team:3) the creation of the insights portal for goods merchants to view and analyze the performance of their deal, thus increasing trust and transparency with the merchants.
APR'19-MAR'20	Exclusively took ownership of two services and deprecated one of them. Re-architected goods' batch processing system to implemented priority job processing and monitoring, which led to transparency, predictability, and establishment of SLA for merchant's operations on good supply platform.
OCT'19-FEB'20	Designed and lead(team:2) Goods supply public APIs for the large merchants to leverage supply platform's feature at scale.
JUL '14-DEC'17	**Senior Member of Technical Staff at Oracle India, Bangalore** **Weblogic Core Runtime, GlassFish JavaEE RI Team** Worked in Weblogic Appserver team. Worked on configutation component that deals with config management, config upgrade. I contributed significantly in zero downtime patching(ZDT) team, shipping patching features for both multi-tanent(MT) and Non-MT weblogic.Worked on Java EE 8 RI a.k.a GlassFish 5.

EDUCATION

JUL'12-JUL'14	Master of Technology, COMPUTER SCIENCE & ENGINEERING - **GPA**: 8.13/10 **Indian Institute Of Technology**, Delhi Thesis: "2G/3G Internet Measurements in Rural India"| **Advisor**: Dr. Aaditeshwar Seth
JUL'08-MAY'12	Bachelor of Technology, INFORMATION TECHNOLOGY - **GPA**: 8.56/10 **National Institute Of technology**, Raipur Chhattisgarh

PROJECTS AND PUBLICATIONS

JUL.'14	**M.Tech. Thesis: 2G/3G Internet Measurement in Rural India.** The project involves finding out reasons affecting the performance of 2G/3G data networks and their improvement by changing network and system parameters at client and server side. | **Advisor**: Dr. Aaditeshwar Seth
DEC'15	Publication: Revisiting the State of Cellular Data Connectivity in India *Sharma et.al. ACM DEV '15* Proceedings of the 2015 Annual Symposium on Computing for Development
APR'13	**M.Tech. Minor Project:** Web-based Measurement Node Monitoring PortalBuilt a Django based which displays if measurement node is down/up, various network metrics like RTT,Uplink Downlink Throughput.

SKILLS

PROGRAMMING:	Java SE, Python, C/C++, Bash,Postgres, Redis, Ruby, Javascript, html
PLATFORMS/FRAMEWORKS:	Unix env.,Windows, Java EE, Dropwizard, RxJava, RoR, Node.js, React.js, Ember.js
SCM:	git, perforce, svn

ACHIEVEMENTS

JAN '12	Graduate Aptitude Test in Engineering 2012. *Ranked 308 out of 1,56,780.*
OCT '14	Winner Microsoft Code.Fun.Do'14, Team:App Junkies.

INTERESTS

Open-Source Technologies, Cooking, Badminton, Watching Movies/TV, Travelling.
